WANTS HIM TO RUN!

MAYSVILLE, July 11th, 1903.

Editor of Public Ledger: Through the medium of your paper, I wish to suggest the name of J. Barbour Russell as the Republican nominee for State Representative.

The party in this county has been disorganized by internal factional quarrels, which have been the cause of its defeat.

It is necessary, if the party wishes to be victorious, that it shall select some one who has not been prominently associated with any one faction. This qualification I know that Mr. Russell possesses.

In addition to this, Mr. Russell has shown himself to be a business man of marked ability, one of a class of men much needed in the Kentucky Legislature. Had men of this character controlled the last General Assembly, Captain Calhoun would not have mulcted the state of thousands of dollars.

The choice of Mr. Russell would be a happy one and would greatly enhance the party's hopes of victory.

He has my unqualified support.

Go out on the Y. M. C. A. boat tonight. Trip only 15 cents.

Ad Owens, charged with being an accessory to the recent killing of Ollie Wren, had a hearing Saturday before Judge Newell and was held in \$1,000 bond, in default of which he is Jail.

REPUBLICAN CONVENTION.

Mason County Instructs For A. E. Willson For Governor.

Hon. J. B. Wilhoit of Boyd For Lieutenant Governor—The List of Delegates.

The Republicans of Mason county met in Convention at the Courthouse Saturday afternoon, being called to order by County Chairman William D. Cochran.

Elder T. P. Degman and Mr. Allan D. Cole were nominated for Chairman.

The question was asked as to which of the gubernatorial candidates the respective gentlemen were supposed to represent; and this raised an incipient opposition, which was promptly quieted by an almost unanimous vote in favor of Elder Degman.

Upon taking the Chair, Mr. Degman returned thanks for the honor.

Thomas A. Davis was made Secretary, with A. F. Curran and W. H. Lynch as Assistants.

Mr. W. D. Cochran offered a resolution endorsing the official course of Senator W. H. Cox, which was adopted unanimously.

The following Delegates were then chosen to attend the Louisville Convention—

W. H. Wadsworth.	Mike Hefflin.
John C. Kirk.	Robert Toop.
John Clinger.	J. C. Rogers.

Then came the following resolutions, which, after some discussion, were adopted almost unanimously:

Resolved, By the Republicans of Mason county in Convention assembled, That the Delegates selected by this Convention to represent Mason county in the State Convention to be held at Louisville, Ky., July 15th, or such portion of them as may attend said Convention, be, and they are hereby, authorized to cast the vote of Mason county in said Convention, and are hereby instructed to cast the vote of said county in the race for Governor for Augustus E. Willson of Louisville, Ky.

Resolved, further, That they be, and are hereby, instructed to cast the vote of said county for J. B. Wilhoit of Boyd county for Lieutenant Governor.

And then the Convention adjourned in a happy frame of mind.

OVER THE STATE.

The Republican Conventions held throughout Kentucky Saturday leave the gubernatorial contest an open race, as out of the 2,268 votes which will be cast in the State Convention, to be held in Louisville Wednesday, the division is—

Belknap.....	391
Willson.....	197
Pratt.....	162
Uninstructed.....	735
Contested.....	268
Not reported.....	515

Total.....2,268

Necessary to choice, 1,135.

These figures show that neither of the three avowed candidates can yet claim the prize as theirs; and that in point of fact the uninstructed counties have in their hands the balance of power and will ultimately name the Republican standard bearer.

The only counties in which there are contesting delegations so far reported are Jefferson and Franklin. In Jefferson county Willson contests with Belknap in the city and in the county proper it looks strongly like Belknap, and there is no Willson contests there. In Franklin Pratt contests with Belknap.

Cholera Infantum.

This has long been regarded as one of the most dangerous and fatal diseases to which infants are subject. It can be cured, however, when promptly treated. All that is necessary is to give Chamberlain's Colic, Cholera and Diarrhoea Remedy and castor oil, as directed with each bottle, and a cure is certain. For sale by J. Jas. Wood & Son, Druggists.

The barbarous practice of rolling a person over a barrel to permit the escape of water supposed to be in the lungs has ceased to exist as a treatment for drowning; no water gets into the lungs. In "Accidents," one of the series of medical handbooks being issued by The Mutual Life Insurance Company of New York, full directions are given for reviving persons supposed to be drowned. The book will be sent on request to any who address the Home Office of the Company, New York City.

A GREAT TRUTH.

How It Has Spread from Home to Home in Maysville.

In every part of Maysville, in the homes of the wealthy, in the humble abode of the man of toil, 'tis now a well known fact, a great truth, that Doan's Kidney Pills have brought more comfort to backache sufferers and cured more sick kidneys than any medicine of modern times.

Mrs. M. C. Chisholm of 343 East Second street says:

"Mr. Chisholm speaks in high terms of Doan's Kidney Pills. He procured them at J. Jas. Wood & Son's Drugstore, corner of West Second and Market streets, and their use proved them to be an effective kidney remedy. I have heard others express their appreciation of Doan's Kidney Pills. A medicine which cures kidney trouble is a most desirable one of which to know."

For sale by all dealers. Price 50c.

If our buyer had not been on the spot the price would have been 10c, but as long as this lot lasts they are yours for 10c. We have the happy faculty of being on the right spot at the right time.

IT'S NOT SO!

We have Slippers and Oxfords from \$1.50 up—under \$1.50 we haven't found any to suit us. Shoe salesmen say we are hard to please. We must not be so, particularly with cheap shoes. They don't know how hard we work for your interest. Some day the manufactory will turn out a slipper for \$1.25 that we can recommend. When they do we will have it here, but until then we will keep on selling from \$1.50 up. We buy the shoe first and then see that the price is right.

And the Same Way We Sell!

AND the next Governor of Kentucky will most likely be a Republican.

Our friends the enemy mustn't think there's any serious disagreements between the Republicans of Mason county. The little spurt of oratory at Saturday's Convention was just the boys' way of having a little fun with each other.

In a recent decision a level-headed Judge declared that Labor Unions are not now contrary to law but are recognized and encouraged by our modern legislation. Laborers have as much right to combine for proper objects as have employers. Apart from the question of term contracts, laborers have the right, either singly or in a body, to quit work whenever the terms or conditions are unsatisfactory to them, for sufficient or insufficient cause or for no cause whatsoever. They cannot be compelled to labor, nor can they, on the other hand, compel the manufacturers to employ them. The employer may discharge them for any cause that seems good to him or for no cause. Laborers have no right to compel any of their number, or any one outside of their ranks, to desist from labor. Laborers have a right to seek employment from and to work for whom they please, upon such terms and wages and for such hours as they may agree upon, and may refuse to work with non-Union men or other persons.

Employers have the right to employ whom they please, upon such terms as may be satisfactory to the parties thus employed and neither the employers on the one hand nor the laborers on the other have the right to dictate to each other concerning these matters, or to interfere with each other in regard to them.

It continues to look very much like Judge HARGIS will "do as he damn pleases" about resigning from the Democratic State Central Committee; and his pleasure is to remain on the Committee, in spite of hellandhighwater.

THE Republicans of Mason county did themselves proud Saturday by instructing for the Hon. AUGUSTUS E. WILLSON for Governor; but they will do themselves prouder when they vote as a unit for the nominee of the Louisville Convention, whether he be Mr. WILLSON, Mr. BELKNAP, Mr. PRATT—or any other man.

THE officials sent from the Philadelphia Mint to count the coin in the San Francisco Mint have finished the work and report everything satisfactory. They counted over \$93,000,000 in gold and \$15,000,000 in silver and weighed \$30,000,000 in bullion. This is the largest amount of coin ever counted in the history of the San Francisco Mint. And all of this in spite of the great truth(?) of Mister BRYAN, that if the country failed to adopt his free silver foolishness, one wouldn't be able to find a gold coin in the United States with a forty-horse-power search warrant.

Political Pickings

IMPUDENT WALKING DELEGATE.

Louisville Courier-Journal.

A Louisville business man puts his case very clearly: "Our firm is boycotted, but why? Because we do not pay good wages? No. Because we have treated our men badly? No, for we have done more to make our men comfortable than any other mill I was ever in, and in addition we have been on a profit-sharing basis for years, so that almost every man in our employ is, or may be, a partner to that extent. Then what is it? you will say. Merely because we buy our barrels where we can get them to the best advantage and refuse to require that the coopers who supply our barrels unionize their shops."

"When the walking delegate waited upon us we told him we had no objections to the coopers unionizing their shops, but the delegate said we must require them to do so. We replied that the coopers might look upon that as an interference on our part and tell us to mind our own business, but the walking delegate said nor we must do so or we would be boycotted."

This is only one of the many similar instances, some of which are worse. No cause can ever thoroughly succeed which does violence to the sense of fairness and justice in this manner. If the cause of union labor is to succeed it must succeed because it is a fair and just cause; and it is not possible to convince anybody that a cause is fair and just by unfair and unjust methods.

Make Hay While the Sun Shines.

Make all the hay you can. Providence helps them who help themselves. A good high price is offered you for hay. Help yourself by saving all of your grass. MINNIE MOWERS AND RAKES will cut and save anything that grows out of the earth! There is a big difference in mowers. Some cut well but are horse killers. Others run light but rack to pieces in a few short years.

THE LOST IS FOUND! What you have been looking for is a grubbing machine that will not ruin your team.

MINNIE'S GUARANTEE. Is that she will cut anything from bluegrass to briars and run lighter to your team than any other mower made! The Minnie is Bicycle Bearing throughout, high wheels, wide tread, and has a pitman rod 40 in. long. Compare this high wheel, wide-tread mower with others having a 24 inch pitman rod, and it will make them look like 30 cts. badly mutilated. The Minnie Mower is strong where others are weak, and that is in the cutter bar joint. We guarantee the hinge and shoe upon the Minnie to weigh four times as much as the hinge and shoe upon any other mower.

A MINNIE CUTTER BAR WILL STAY IN LINE. We ask you in all fairness did you ever see any other mower that the cutter bar would not drop back out of line? You know full well that when the cutter bar sags back the sections all cut into the guards and the machine chokes continuously.

The Beautiful Minnie Mower has overcome this greatest objection to all mowers.

AN INGENUOUS PATENT. And well worth your inspection is the Foot Lift upon the Minnie Mower. It is a Yankee trick sure; the cutest thing that we have ever seen.

SIMPLE ENOUGH AFTER YOU KNOW HOW. And any of us ought to have had sense enough to have invented it. Listen! One single lever raises and lowers the cutter bar and locks and unlocks the cutter bar when in an upright position! All done with one lever without getting off the seat! Wonderful but true.

THE MINNIE RAKE IS UP-TO-DATE. And we earnestly ask all of you to call and look at the new patents upon both the mower and the rake whether you have any idea of buying or not. Call and see the new patents. Delighted to show them to you.

WE TRADE MOWERS. Bring in your old worn out mowers and we will trade you a new one. We will give you more for your old mower than you will ever get again.

WE HAVE A PLACE FOR OLD MOWERS. Special contract. Competition not on to yet. We can give you three times as much for an old rattle-trap mower as any one else can. TRY US!

Let's Take a Trip! You are, no doubt, debating in your mind about a trip to the seashore, Lake Chautauque, Thousand Islands, Niagara Falls or some other resort. This certainly would be delightful. But the question comes up, "Can I afford it?" Well, if you cannot afford that pleasure, come with me and take a drive out (in our minds) on the Germantown road, when the shades of evening are casting their shadows upon the city and the lake-like waters of the beautiful Ohio; or go behind a spirited animal, furnished by any one of our local liverymen, and let us drive out the Fleming pike and hear the birds sing and see Nature in her happiest mood. Should you prefer, let us get an automobile (a borrowed one) and spin out the Lexington road and return by the "Lovers' Lane," the Hill City pike. Then rejoice that we have within easy access the most beautiful scenery in the world. Within the city limits of Maysville there are homes for sale (I have them) that are most delightful and can be bought cheap. Buy one and be happy. In the county of Mason there are farms for sale (I have them.) Buy one and then go to work to make it the most attractive home in the world. Then be happy, whether at home or abroad. "Be it ever so humble, There is no place like home."

Very Remarkable Cure of Diarrhoea.
"About 6 years ago for the first time in my life I had a sudden and severe attack of diarrhoea," says Mrs. Alice Miller of Morgan, Texas. "I got temporary relief, but it came back again and again, and for six long years I have suffered more misery and agony than I can tell. It was worse than death. My husband spent hundreds of dollars for physicians' prescriptions and treatment without avail. Finally we moved to Besque county, our present home, and one day I happened to see an advertisement of Chamberlain's Colic, Cholera and Diarrhoea Remedy with a testimonial of a man who had been cured by it. The case was so similar to my own that I concluded to try the remedy. The result was wonderful. I could hardly realize that I was well again, or believe it could be so after having suffered so long, but that one bottle of medicine, costing but a few cents, cured me." For sale by J. Jas. There is something about the Hart, Schaffner & Marx Clothing by which you may identify them even more certainly than the label. It goes into them before the label. It is a style, a quality, a tailored-by-hand touch to them, a harmony of fabrics, trimmings, etc., a thoroughbred look about them never found in other clothing. The fact that we can't define it doesn't make it any less real. You can see it without fully realizing what it is. We can't show it or tell you fully about it until you wear the clothes. Then we won't need to. This incomparable line is for men and confined to us.
But we have provided as well for the boys and children. We invite inspection and comparison of both goods and prices.

NERVOUS DYSPEPSIA ITS CAUSE AND CURE

Overwork any organ and it gives out—the stomach is no exception. Ask it to digest anything and everything, at any time in half the time required, and like an over-driven horse, it balks. Nature intended the stomach should have regular hours. A time to work and a time to rest—and when you break up this habit you upset the whole arrangement. The stomach nerves become exhausted, the glands refuse to act, the food does not digest—lies heavy, ferments and repeats. There is pain, gas forms, bloating occurs, the heart becomes irregular and nervous, irritable feeling sets in. This is nervous dyspepsia and Dr. A. W. Chase's Nerve Pills its cure.

Mr. J. L. Nicholson of No. 508 Limestone street, Maysville, Ky., says: "I was bothered with severe nervousness, sleeplessness, dizziness and indigestion. Hearing of Dr. A. W. Chase's Nerve Pills sold at Chenoweth's Drugstore, I decided to try a box. As a result my nervous system is in fine condition—I sleep well and am no longer bothered with those distressing dizzy spells—my appetite and digestion are fine and I feel generally vigorous. I can't recommend Dr. A. W. Chase's Nerve Pills too highly."

Letters from Women

Cured by the use of Kodol are received daily Their troubles nearly all begin with indigestion or other stomach disorder.

If the food you eat fails to give strength to your body, it is because the juices secreted by the stomach and digestive organs are inadequate to transform the nutrient properties of the food into blood. That is indigestion. The system is deprived of the amount of nourishment required to keep up the strength, and the result is that one or more of the delicate organs gradually grows weak, and then weaker, until finally it is diseased. Here a great mistake is made. That of treating the diseased organ. The best doctors in the land make this very mistake. Why should they? It is so easy to see that the trouble is not there.

Kodol Cures

This famous remedy puts the stomach and digestive organs in a healthy condition so that rich, red blood is sent coursing through the veins and arteries of every muscle, tissue and fiber throughout every organ of the entire body, and by Nature's law of health, full strength and vigor is soon restored to each. Kodol cures indigestion, dyspepsia and all stomach disorders.

I have taken Kodol for nearly two months after each meal and it is the only remedy that gave relief from the terrible pains I endured. After a time I would take it but once a day, and now, while I keep a bottle handy, I seldom need it, as it has cured me. Mrs. J. W. COOLBAUGH, Milo Center, N. Y.

STATE COLLEGE OF KENTUCKY

The Agricultural and Mechanical (State College) College of Kentucky offers the following courses of study, viz: Agricultural, Horticultural, Chemical, Biological, Mathematical, Physical, Normal School, Classical, Mechanical Engineering, Electrical Engineering, Civil Engineering, each of which extends over four years, and leads to a Degree. Post-graduate studies are also provided, leading each to a Master's Degree. Each course of study is organized under a separate faculty. The general faculty numbers nearly fifty Professors and Instructors.

COUNTY APPOINTEES receive tuition, room rent in the dormitories, fuel and lights, and if they remain ten months traveling expenses.

The laboratories and museums are large, well-equipped, comprehensive and modern. The Legislature appropriated \$60,000 for a College Home for young women and \$30,000 for Drill Hall and Gymnasium for men. The latter is completed and in use; the former will be ready for occupancy in October.

Military Tactics and Science are fully provided for as required by Congress.

Graduates from the several courses of study readily find excellent positions and liberal remuneration. The demand is largely in excess of the ability of the College to supply. Last year the matriculation list was 604.

Summer Schools are provided for Pedagogy, Engineering and instruction in Science. Specialists with the necessary number of assistants have charge of each department of Natural Science.

The State College of Kentucky, though bearing hitherto the title of College, is the only institution in the Commonwealth doing, in any proper sense, University work.

The completion of the College Home for young women will provide facilities for good board and lodging. It is equipped with all modern conveniences, including bathrooms and room for physical culture. It will be heated by steam and lighted by electricity.

An opportunity is afforded to them of a thorough education in Classics, Modern Languages, Literature, Science, Mathematics, Logic, Metaphysics, History and Political Economy.

No other institution in the state offers advantages for the education of women at all comparable to those offered by the State College of Kentucky. For catalogues, method of obtaining appointments, information regarding courses of study and terms of admission apply to

JAMES K. PATTERSON, PH.D., LL.D. or to D. G. FRAZER, Business Agent, Lexington, Ky.

Full term begins September 7th, 1903.
